NOW DRIVERS CAN KEEP TRUCKS CLEAN, POLISHED & PROTECTED INSIDE AND OUT WITH JUST ONE PRODUCT

Until now, a great looking truck meant hours of hard work and a small fortune spent on cleaners, waxes, polishes, sealers and protectants. **PROTECT ALL with Carnauba Wax** is one product that makes that expensive arsenal obsolete — and it saves time, money, and elbow grease. **PROTECT ALL** works as a maintenance cleaner for glass and mirrors; a polish for chrome, aluminum and brightwork; a wax for painted surfaces; and a protective treatment for dashboards, tires, vinyl, rubber and plastic.

After washing your truck exterior, just spray on **PROTECT ALL** and wipe dry for a lasting shine without polishing. When used regularly, **PROTECT ALL** keeps your vehicle looking clean longer, so you won't have to wash as often, and it repels dirt and foreign objects as you drive. Even after a long drive through dust, rain and mud, a quick rinse and wipe renews a just-waxed shine. A new UV Blocker has been added to **PROTECT ALL** to aid in preventing oxidation, fading and deterioration caused by the sun's ultra violet rays.

On the windshield, **PROTECT ALL** cleans without streaks and makes surfaces dust and water-repellent. Insects can be removed without scraping and without leaving any residue. Special additives cause rainwater to roll right off, improving visibility. On chrome and brightwork, **PROTECT ALL** brings out luster and shine. Spray and wipe tires to achieve a clean, dry natural appearance.

Use **PROTECT ALL** throughout the interior of the vehicle. A spray and wipe treatment gives a clean, non-oily, anti-static, water-repellant shine that repels dust and dirt. It aids in protecting the dash against sun damage, cracking and drying, and keeps mirrors clean for unimpaired visibility.

For additional product information or to order **PROTECT ALL**, please call (800) 322-4491 or (714) 635-4491, or contact PROTECT ALL, INC. at 1910 East Via Burton Street, Anaheim, CA 92806. Our website address is www.protectall.com.
