SPEND *MORE* TIME IN THE AIR AND *LESS* TIME & MONEY ON GROUND MAINTENANCE!

PROTECT ALL Replaces At Least 5 Other Products To Polish, Protect and Clean Aircraft — Inside and Out.

Until now, keeping a small plane looking good meant hours of hard work and a small fortune spent on cleaners, waxes, polishes, sealers and protectants. But now, new PROTECT ALL with Carnauba Wax makes that expensive arsenal obsolete — and it saves time, money, and elbow grease. A light spraying with PROTECT ALL and a wipe with a clean cloth leaves exterior surfaces sparkling clean, slippery, and protected from sun and rain. Inside the plane, PROTECT ALL makes instrument panels sparkle and vinyl upholstery look like new.

Independent testing by Scientific Material International Inc., in April 1992, subjected PROTECT ALL to the same thorough examination used by Douglas Aircraft to determine product effectiveness. In every case, PROTECT ALL conformed to the rigorous standards set by the Surface Conditioner and Finish Specifications (Douglas CSD #1) Test (copy upon request).

PROTECT ALL leaves an anti-static and water-repellent lustrous shine and still treats vinyl, rubber and plastic. Even after flying through rain or standing in a dusty tiedown, just a quick rinse and wipe will restore a gleaming finish. Protect All works on aluminum, metal, glass, fiberglass, paint and composites. The UV blocker aids in preventing fading and deterioration of surfaces exposed to the atmosphere. Protect All is also great for lubricating hinges, locks, seat runners, mixture valves and prop shafts.

On the windscreen, PROTECT ALL cleans and polishes without streaking and makes surfaces dust and water-repellent. Insects can be removed readily without leaving any residue and causes rain-water to disperse quickly, improving visibility. On chrome and brightwork, PROTECT ALL eliminates the hard work of waxing and polishing, and brings out luster and shine.

For additional product information or to order PROTECT ALL, please call (800) 322-4491 or (714) 635-4491, or contact PROTECT ALL, INC. at 1910 East Via Burton Street, Anaheim, CA 92806. Our website address is **www.protectall.com**.
