## WASH YOUR RV ANY TIME, ANY PLACE WITH JUST ONE GALLON OF WATER — AND NO RINSING!

New ***PROTECT ALL*** QUICK AND EASY WASH takes all the mess and bother out of washing an RV, because one ounce mixed in just one gallon of water provides the cleaning power to wash an entire vehicle, from roof to tires...and it doesn't need any rinsing. QUICK AND EASY WASH is sponged on, then chamoised dry. No hose, no soapy detergents, no wasted water, no mess. Dirt and grime are loosened and lift right off, without leaving streaks or smears.

Because it uses so little water and requires no rinsing, QUICK AND EASY WASH can be used any time, and any place. It's the perfect solution for areas where water use is restricted, such as campgrounds, parks, garages, marinas and airplane tiedowns. RVers who have no convenient place to wash their vehicle in an RV campground, can turn their parking spaces into a wash station.

An effective cleaner for all painted surfaces, fiberglass, aluminum, chrome, stainless steel, glass, Plexiglas®, vinyl, rubber, plastic, wood, tile, Formica®, marble and Corian®, QUICK AND EASY WASH is a good way to clean and save water inside and outside the house. Mixed with just one gallon of water, it provides enough cleaning power to clean an entire kitchen, leaving tile surfaces, counters, floors and appliances gleaming. Outdoors, it will make RVs, cars, trucks, vans, bikes, motorcycles, boats, aluminum awnings, patio furniture and windows shine...without ever having to uncoil the garden hose.
