RUBBER ROOF CLEANING MADE QUICK & EASY!

A Sponge Mop And New *RUBBER ROOF CLEANER* From Protect All, Inc....is all you need!

Cleaning the rubber roof on an RV no longer has to be a knee-bending, back-breaking chore! **NEW PROTECT ALL RUBBER ROOF CLEANER** can reduce the time and effort needed to clean a rubber roof by up to 75%!

PROTECT ALL RUBBER ROOF CLEANER is sprayed on the rubber roof, then activated and wiped clean with a damp sponge mop. The dissolved dirt, grime, roof chalk residue and air-borne pollutants are rinsed from the sponge mop in a bucket of water. For stubborn grime, use a soft bristle brush and wipe clean with the sponge mop or cloth. Let the rubber roof air dry.

With **PROTECT ALL RUBBER ROOF CLEANER**, No Rinsing is Necessary! This prevents the rest of the RV from getting wet or dirty from the runoff, eliminating cleanup of the entire vehicle. No Rinsing also means roof cleaning can be performed anywhere (even campgrounds) with a minimal amount of water. This extra strength cleaner is biodegradable, non-toxic and non-abrasive.

Once the rubber roof is clean, it can be treated with **NEW PROTECT ALL RUBBER ROOF TREATMENT with UV BLOCKER** to reduce sun damage and the chalking that causes streaks on the vehicle. Future cleaning will also be quicker and easier.

For additional product information, call (800) 322-4491 or (714) 635-4491. Write to **PROTECT ALL, INC.**, 1910 East Via Burton Street, Anaheim, CA 92806. Our website address is **www.protectall.com**
