The Woman's Point of View, Jean Moore

Spring Maintenance for a Carefree Summer

...While I don't normally "push" specific products I can't do a column like this without recommending a product we have come across recently. It does a fantastic job on mirrors and windows leaving them sparkling. Recleaning them is a breeze, sometimes with just a dry cloth. It does a great job on showers (not the floor), as well as the lavatory and toilet bowl, making cleaning quick and easy. What is the miracle product? It is Protect All. Try it! You won't be sorry.
